Re: In Re: Terrorist Attacks on September 11, 2001, 03 MDL 1570 (GBD) (FM)

Dear Scott:

In follow up to our e-mail exchange on April 19, enclosed please find a chart listing the Bates numbers for documents produced by IIRO and MWL concerning the Pakistan embezzlement investigation, which is preliminary and subject to change. The chart includes the documents referenced in Sean Carter's letter of January 25 (IIRO111029 and 111020). At your request, we have made a good faith effort to identify all documents produced by IIRO and MWL that, based on our current understanding, concern the Pakistan investigation. In the event that changes to the chart become necessary, we will inform you as soon as practicable. In the event that Plaintiffs intend to utilize this list for any purpose beyond the organizational purpose discussed at our meeting, we request that you notify us in advance so that we may confirm that the list is up-to-date.

Additionally, with regard to the inquiry raised during our March 31 meet and confer about IIRO's Dataflex system, we can confirm that the system was implemented in or about 1408 Hijri (1987/88) and was in use by the organization for the entirety of the discovery period.

If you have any questions about the foregoing, please let me know.

Sincerely,

Aisha E. Bembry
